Here, we believe that magic isn't something that just happens, but rather it takes hard work, determination, countless hours, and a whole lot of heart to make magic possible. It takes a village of people to come together as a team to make each part of this massive machine work.

From our donors and sponsors, to our college volunteers, to our national's team, to the hospital staff and foundations we work with -- every individual person is integral to the overall success of the magic. With each person's help we are able to continue our focus on the most important puzzle piece -- the kids. We are so proud and honored to share this report with you, to allow you to continue in this journey with us, to celebrate the successes, and brainstorm solutions for the obstacles, all with the goal to restore the magic of believing for the kids who are the heart of every decision. Thank you for believing in magic and for a

fantastic 2018.

BSF,

Kylee McGrane
Executive Director

OUR MISSION

A Moment of Magic Foundation operates on the mission of "restoring the magic of believing at a time when a child needs to 'just be a kid' and reminding them to be brave, strong, and fearless".

BRAVE like the kids. **STRONG** as a unit. **FEARLESS** in ourselves.

A Moment of Magic Foundation provides a variety of services to hospitals, nonprofit organizations, and individual families catered to their specific needs. These include: bedside visits, large event appearances, book readings, sing-a-longs, arts and crafts, individual visits, care packages, and character hotline calls.

HOW WE WORK

Our National Organization adopts college chapters all over the country and provides training and support to our volunteers.

Chapters begin servicing hospitals, nonprofits, social service institutions and families in their area.

Year in Review

OUR VOLUNTEERS

Our volunteers are what make A Moment of Magic what we are. All of our volunteers are college students who dedicate their time, commit to our cause, and give their heart to all of the children we are so privileged to serve. We would not make magic without them!

NEW INITIATIVES

Capes For Kids

The program that the Robert & Joan Dircks Foundation grant helped us achieve was our Capes for Kids initiative, in which we are able to provide high quality superhero capes to children battling cancer all over the world. This program allowed us to provide a moment of pure joy to celebrate the child's strength and courage completely free of cost to the family.

Back to School Sibling Packs

Did you know that siblings of children that are frequently hospitalized face the same, if not more, emotional trauma? We believe in the importance of recognizing the strength of the siblings and show them our support. This year we sent out approximately 50 backpacks and school supplies kits to siblings of children battling cancer all over the country.

Character Hotline Calls

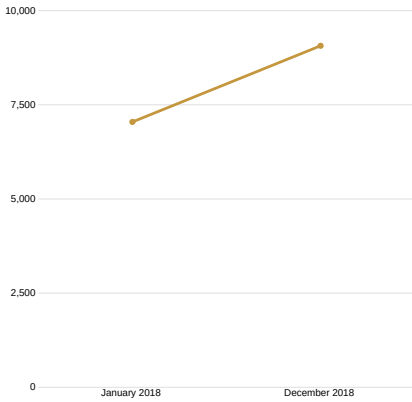

In March 2018, we launched a brand-new, never-before-done initiative! We now offer 30 minute private video chat call times with our characters. This is perfect for children who are on isolation, need a bit of cheering up, or just adore the characters we have listed. We have been able to begin partnering with hospitals for a scheduled virtual playtime, connect with nonprofits to allow families to become aware of our services, and reach thousands of more children!

Original Characters

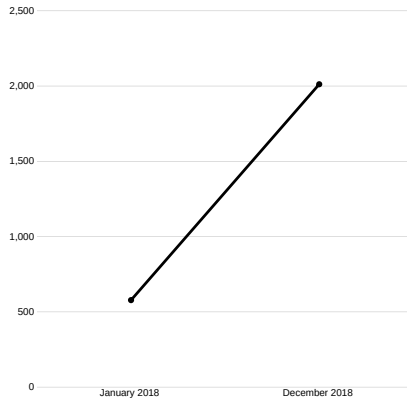

In the Spring of 2017, we conducted a study with approximately 50 children with critical illnesses to see what kind of characters they would be interested in being visited by. This study examined the physical attributes, personal qualities, and interests of these original characters as imagined by the children who participated in the study. A Moment of Magic has been prototyping the characters created by these children by allowing our volunteers to portray them on-site in hospitals to visit children across the country. After receiving extremely positive feedback from children, parents, and hospital staff members alike, we would like to launch coordinating children's books to tell the story of these characters in the near future!

HELP SPREAD THE MAGIC

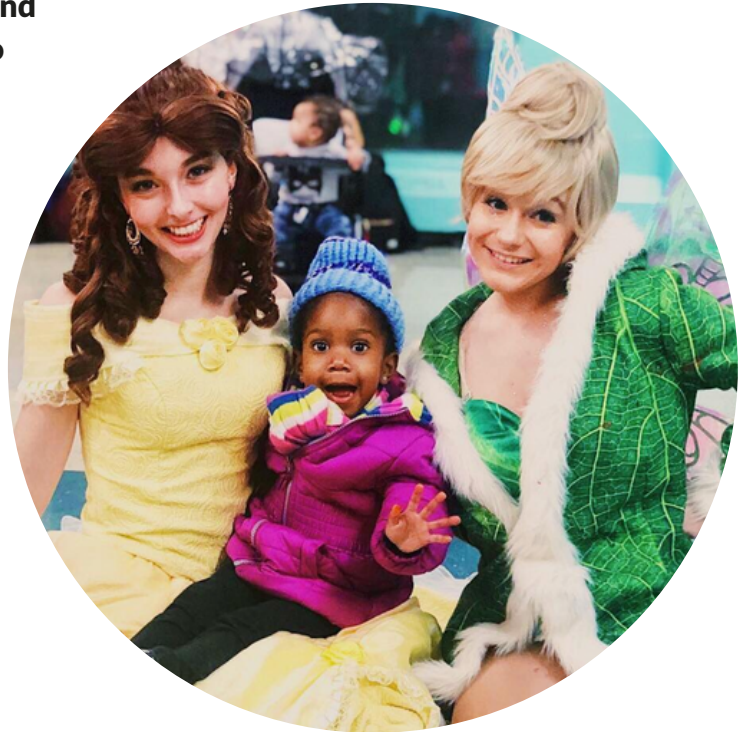

Storage space - We currently are in need of storage space around our chapters and headquarters to help us house our costuming and gifts for the kids.

Volunteers - Whether at the national level or at our local chapters, we are always in need of more volunteers. We have volunteer opportunities for people of all ages!

Funding - We are constantly out fundraising and pounding the pavement to raise as much money for our programming as possible. From a small donation, to a corporate grant, every dollar helps contribute to the magic.

“A Moment of Magic is an amazing organization that allows volunteers the opportunity to single-handedly change the life of a child who is affected by an illness. A Moment of Magic allows each child to feel like a kid again, and gives them a chance to live out a fairytale I do not know of an organization that gives volunteers or kids this same opportunity.”

A young child, likely a girl, is depicted in a playful, imaginative setting. She is wearing a dark-colored cape and a headband with a mask or tiara. Her right arm is raised, holding a wand or stick. She has a joyful expression, with her mouth open as if laughing or shouting. The background is a soft-focus outdoor scene with trees and foliage. The entire image is overlaid with a semi-transparent purple filter. Large, white, bold, sans-serif text is superimposed over the image, reading 'BRAVE', 'STRONG', and 'FEARLESS' in three separate lines. At the bottom, smaller white text reads 'A MOMENT OF MAGIC'.
